

## ALTERNATIVES TO FASTEN MASK #2 FOR GOOD SAMARITANS

### OPTION 1:

(4) 20" Fabric Strips or Bias Tape or  
Straight Grain Tape (better)

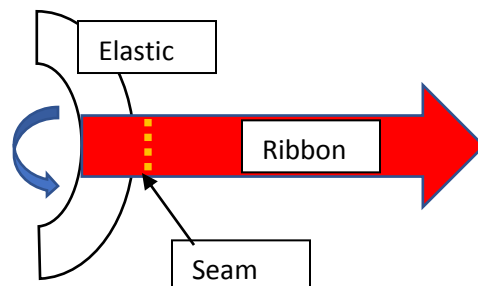

### OPTION 2: **PREFERRED**

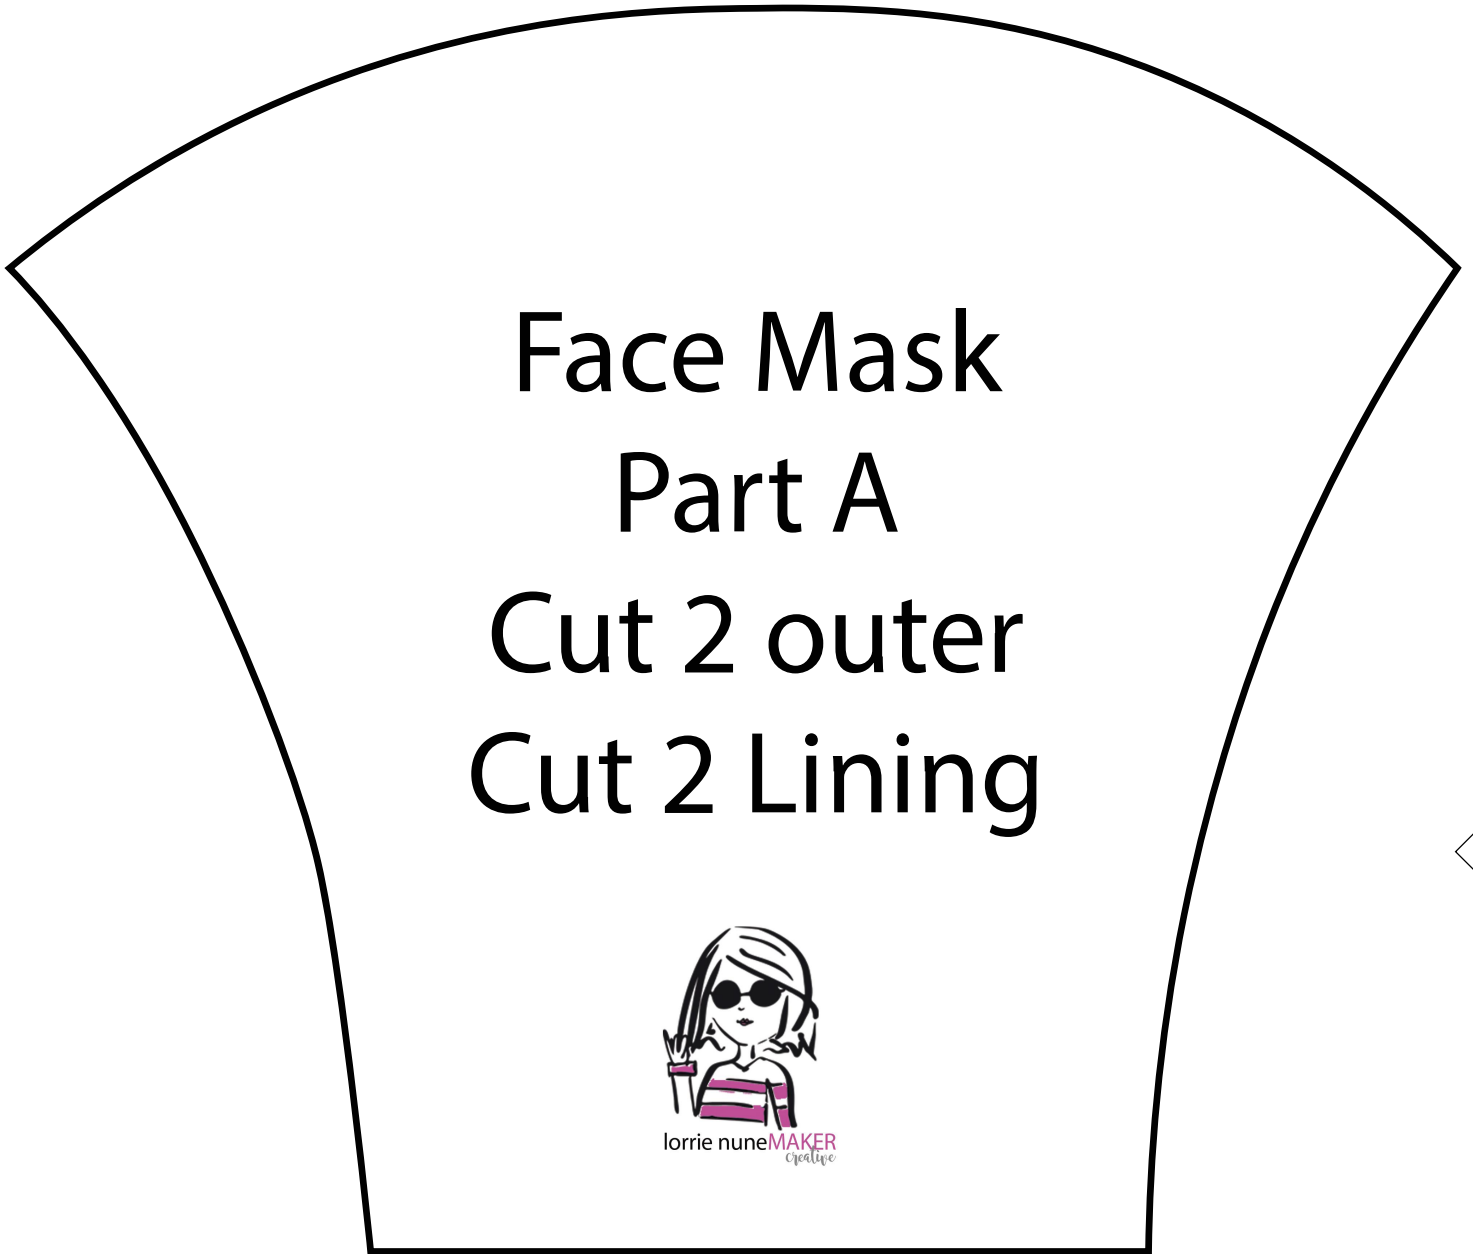

(2) 6" Elastic ends tied with  
(1) 20" Grosgrain ribbon, ends singed

When you reach the step to attach the straps, simply attach the  $\frac{1}{4}$ " or  $\frac{3}{8}$ " elastic into the channel where the strap ends would go. Repeat on the other side.

On the grosgrain ribbon, starting at the left side, make a mark at 9". Then wrap the ribbon around the left ear elastic at the 9" mark and sew a close seam along the elastic on the ribbon. This will encase the ribbon around the elastic and secure the ribbon from being lost from the mask. See diagram below.

Be sure to take a lighter and singe the ends of the ribbon lightly.
